Office Hours:

Whenever I am in my office — below are typical times (but subject to change):

Monday through Thursday:

10:00 a.m. to 11:00 a.m.

2:00 p.m. to 5:00 p.m.

Friday:

No set times.

E-mail List:

It is *essential* that you register for e-mail updates as these updates serve as the official source of all class announcements. Please submit your name and preferred e-mail address to me directly or via e-mail if you are not already receiving class announcements.

Class Attendance and Participation:

Your grade will be affected by class participation (details below) and attendance. I reserve the right to raise or lower your grade based on class participation and/or absences. I also reserve the right to lower grades for students whose absences exceed my policy. This includes the possibility of being removed from the class prior to the final exam and not receiving credit for the course.

- You are expected to attend **every** class meeting.
- **Prompt Arrival:** You are expected to be in your seat and ready to begin when class is scheduled to start. It is unprofessional and impolite to arrive at or after the start of class. Attendance will be taken via TopHat immediately *before* class starts.
- **Tardy:** You are tardy if you (1) arrive late, (2) leave early, or (3) leave in the middle of class and return. Three tardies equates to one absence. (If you are really creative, you could come late, leave and return during class, and then leave early and get one absence in one day even though you are in class for awhile!)
- **Excessive Absences:** Other than in exceptional circumstances, if you accrue eight (8) or more absences, you will be automatically dropped from this course. Notice will be provided after the seventh absence. You may petition for relief from this rule by submitting a sworn affidavit along with supporting materials to document the reason for your absences. Note that your petition must show a justifiable reason for *all* your absences, not just the eighth and subsequent absences.

- **Absences due to Religious Holy Days and University Business:** Section 51.911(b) of the Texas Education Code provides excused absences for religious holy days, and Texas Tech Operating Policy and Procedure 34.04 provides excused absences for students conducting official university business, with proper notice to the faculty member. Please notify me if either of these will affect your attendance.

Class Preparation:

- You must be prepared for every class.
- You must be prepared to discuss the assigned material.
- Twenty percent of your grade is based on short in-class quizzes.

The American Bar Association standards for accrediting law schools contain a formula for calculating the amount of work that constitutes one credit hour. According to ABA Standard 310(b)(1), a “credit hour” is “an amount of work that reasonably approximates: (1) not less than one hour of classroom or direct faculty instruction and two hours of out-of-class student work per week for fifteen weeks, or the equivalent amount of work over a different amount of time” This is a four-credit class, meaning that we will spend four 50-minute blocks of time together in the classroom each week and you will spend at least two hours working outside of the classroom for each class. All told, applying the ABA standard to the number of credits offered for this class, you should plan on spending a minimum of 12 hours per week (4 in class and at least 8 preparing for class) on course-related work.

Technology Etiquette:

- Turn off all mobile communication devices such as cell telephones prior to the beginning of class.
- Boot up computers before class starts.
- Turn off computer audio.
- Disable distracting screen savers.
- Use an adequately charged battery or a power cord to avoid running out of power and the associated low battery warning noises.
- Do not use your computer for purposes that are not related to class. For example, do not write or reply to e-mail or instant messages, surf the Internet, post on Instagram, work on your Facebook or LinkedIn page, tweet, etc.

Syllabus:

Assignments are subject to change. Updates will be sent to all students via e-mail.

Note: Classes marked with an asterisk (*) will be video classes via Panopto.

Course Purpose:

The purpose of this course is to provide students with a background of the Texas law of intestate succession, wills, and trusts.

Expected Learning Outcomes:

Upon completion of this course, a student will have acquired knowledge of how property passes when a person dies intestate or with a will. In addition, the student will learn how to create, administer, and enforce trusts. The specific tasks the student will be able to complete include the following:

- How to distribute property under Texas law when a person dies intestate and the impact of facts relating to family circumstances and actions taken by a potential heir.
- Determine whether a will is valid under Texas law.
- Differentiate among the various types of wills.
- Draft a basic will.
- Analyze the impact of changes that occur to property after will execution.
- Determine the effect of changes that occur to a potential beneficiary after will execution.
- Interpret and construe wills using appropriate statutory and judicial rules.
- Recognize situations which may increase the likelihood of a will contest.
- Ascertain whether a will may be successfully contested and if so, on what ground or grounds.
- Protect a will from contest.
- Recognize other issues that may arise in a will context.
- Explain why a person would elect to create a trust.
- Identify the elements of a valid trust and the different types of trusts.
- Determine whether a valid trust was created.

- Ascertain the roles played by the settlor, trustee, and beneficiary in a trust context.
- Plan how to limit the interest the settlor grants to the beneficiary.
- Identify the trustee’s fiduciary duties such as the standard of care and duty of loyalty.
- Determine the liability of a trustee in contract and tort contexts.
- Allocate receipts and expenditures between principal and income.
- Explain how a trustee must account to the beneficiaries.
- Recognize how a trust may be altered by the court or the parties.
- Enforce trusts and obtain remedies.
- Explain the workings of trust bank accounts, resulting trusts, and constructive trusts.

Method of Assessing Learning Outcomes:

Examinations:

- Midterm exam on March 9, 2020 (40%).
- Final exam on May 5, 2020 (40%).

Both exams will include essay and objective questions.

Class Preparation:

- Brief in-class quizzes (not announced ahead of time) (20%).

Criteria for Grade Determination:

The following factors will be considered in grading the examinations and quizzes: accuracy (e.g., legally correct), completeness (e.g., number of issues spotted), and analysis (including organization, clarity, quality, and presentation).

Academic Integrity

Texas Tech OP 34.12 addresses academic integrity and explains that “academic integrity is taking responsibility for one’s own class and/or course work, being individually accountable, and demonstrating intellectual honesty and ethical behavior.” Students must understand the principles of academic integrity and abide by them in all

course work at the University; therefore, please review OP 34.12 for definitions of “cheating,” “plagiarism,” “collusion,” “falsifying academic records,” and “misrepresenting facts.” Like the legal profession, the School of Law is governed by ethical principles, which are set forth in the Texas Tech Law Honor Code and the Student Code of Professional Conduct. Please refer to these Codes so that you are familiar with the policies governing academic integrity. Attempts by students to present as their own work any work that they have not honestly performed is regarded by the faculty and administration as a serious offense and renders offenders liable to serious consequences, including even suspension or expulsion from the School of Law.

Disability Statement: OP 34.22

Any student who, because of disability, may require special arrangements in order to meet the course requirements should contact Sofia Chapman, the Associate Dean for Student Life, as soon as possible to make any necessary arrangements. Students should present appropriate verification from Student Disability Services to Associate Dean Chapman. Please note that classroom accommodations cannot be provided to a student until appropriate verification from Student Disability Services has been submitted. For additional information, you may contact the Student Disability Services Office at 335 West Hall or 806-742-2405.

Observance of a Religious Holy Day

Section 51.911(b) of the Texas Education Code, which is reflected in TTU OP 34.19, provides excused absences for religious holy days. A student who intends to observe a religious holy day should make that intention known in writing to the professor prior to the absence. A student who is absent from class for the observation of a religious holy day shall be allowed to take an examination or complete an assignment scheduled for that day within a reasonable time after the absence. A student who is excused from class under this policy may not be penalized for the absence; however, the professor may respond appropriately if the student fails to complete the assignment satisfactorily.

Discrimination, Harassment, and Sexual Violence

Texas Tech University is committed to providing and strengthening an educational, working, and living environment where students, faculty, staff, and visitors are free from gender and/or sex discrimination of any kind. Sexual assault, discrimination, harassment, and other Title IX violations are not tolerated by the university. Report any incidents to (806)-742-SAFE (7233) or file a report online at <https://www.depts.ttu.edu/titleix/students/>. Faculty and staff members at TTU are committed to connecting you to

Civility Statement

Texas Tech University is a community of faculty, students, and staff that enjoys an expectation of cooperation, professionalism, and civility during the conduct of all forms of university business, including the conduct of student–student and student–faculty interactions in and out of the classroom. Further, the classroom is a setting in which an exchange of ideas and creative thinking should be encouraged and where intellectual growth and development are fostered. Students who disrupt this classroom mission by rude, sarcastic, threatening, abusive or obscene language and/or behavior will be subject to appropriate sanctions according to university policy. Likewise, faculty members are expected to maintain the highest standards of professionalism in all interactions with all constituents of the university.

Diversity Statement

By its very design, some courses may engage topics that some students might find difficult and/or controversial. It is important that the instructor and students create an environment that values and nurtures individual and group differences and encourages engagement and interaction. Understanding and respecting multiple experiences and perspectives will serve to challenge and stimulate all participants to learn about others, about the larger world, and about themselves. By promoting diversity and intellectual exchange not only mirrors society as it is but also model society as it should and can be.

LGBTQIA Statement

Within the Center for Campus Life, the Office of LGBTQIA serves the Texas Tech community through facilitation and leadership of programming and advocacy efforts. This work is aimed at strengthening the lesbian, gay, bisexual, transgender, queer, intersex, and asexual (LGBTQIA) community and sustaining an inclusive campus that welcomes people of all sexual orientations, gender identities, and gender expressions. LGBTQIA resources are available through the Office of LGBTQIA within the Center for Campus Life, Student Union Building Room 201, 806.742.5433.
